

Save Some Money Increase Your Sales Become a Co-op Partner

Welcome to the TPSS Co-op Community Business Partner Program. The purpose of the TPSS Co-op Community Business Partner Program is to provide a connection between our members and the businesses in our community, to provide a tangible membership benefit to Co-op members, and to build and sustain the local economy.

Business partners receive the following support from the Co-op for their commitment to participate in our program:

- A complimentary membership to the Co-op for the duration of their participation in the program, which entitles them to member prices but not the other benefits of membership. (Partners may choose to become invested Co-op members, and enjoy the full benefits of membership, at any time, if they are not invested already.)
- A complimentary membership for each participating business, which entitles them to member prices but not the other benefits of membership.
- A free listing of the business on our website, www.TPSS.coop, with a link to the business website if applicable as well as the discounts they offer.

The Co-op issues 2 membership cards to businesses that offer 10% off on purchases. 5 cards to businesses that offer 20% off select items. All businesses that belong to the CBPP can enjoy the discounts offered by other participating businesses as well as member pricing at the Co-op. Co-op members can enjoy the benefits of shopping with our CBPP members. The more participants, the better it is for everybody.

This program benefits everyone in the following ways:

- Our members benefit from the goods and services offered by our business partners.
- Our business partners benefit by having our members shop at their businesses.
- Our business partners benefit from the goods and services offered by the Co-op.
- Our community benefits by keeping our dollars and jobs local and encouraging a sense of local pride.

By channeling resources into local businesses, we will be building community equity in the form of a vibrant, diverse local economy that meets everyone's needs.

If you have any questions please contact Denise Cumor at 301-891-2667 or outreach@tpss.coop

Business Partner Application

Name of business as you would like it listed:	Number of cards needed:
Full Address:
